

KAWTHOOLEI-DISPLACEMENT OVERVIEW MAP

As of March 2026

Quarterly Highlight

During January-March 2026, the number of IDPs in Kawthoolei slightly increased by approximately 16,858 people due to intensified military movemnets by the SAC following the election period. SAC forces have increased pressure on communities through airstrikes, artillery shelling, and millitary operations in mixed-control areas and Ethnic area , creating fear and insecurity among civilians.

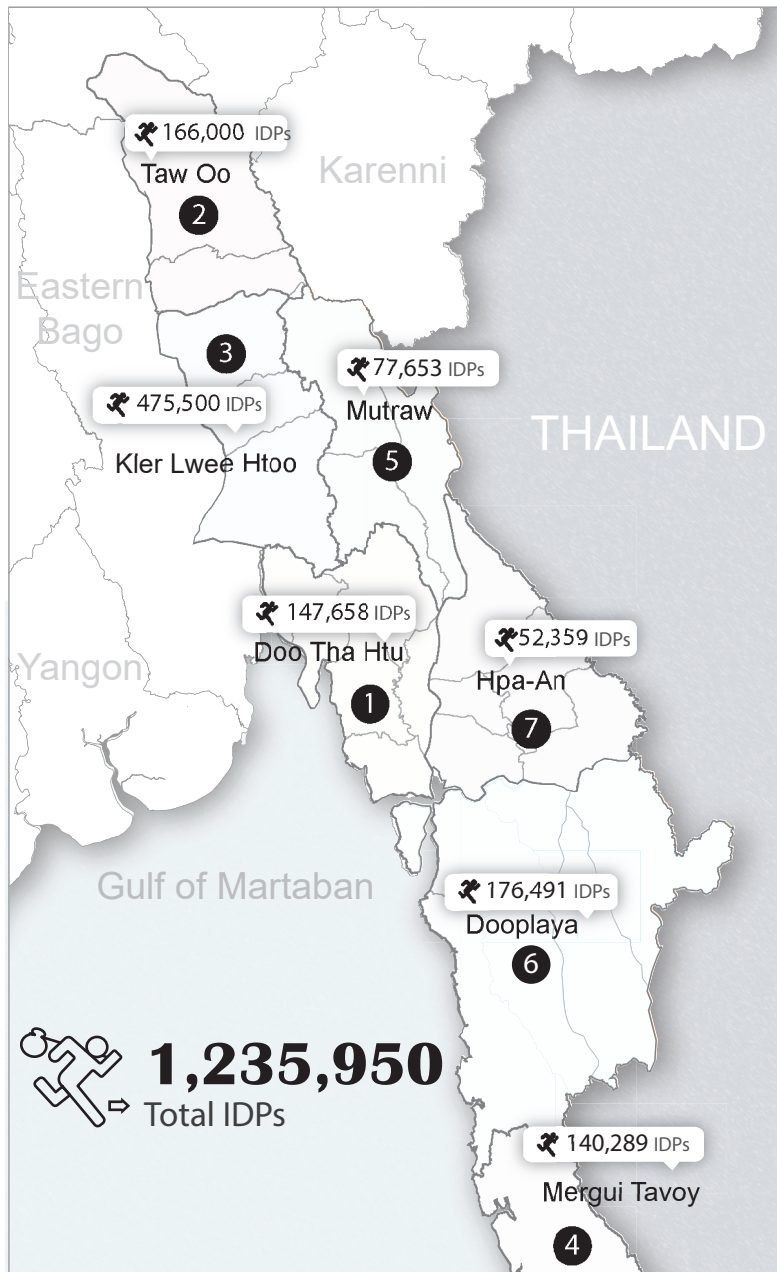

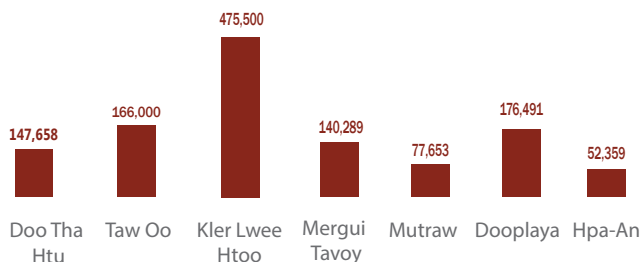

In Taw Oo District, displacemnet increased by around 2000 people due to artillery shelling in Htaw Hta Htu (Htan Hta Pin) and Nor Phar Ko (Than Daung) Townships.

In Kler Lwee Htoo District, recent SAC military operations in ler Doh (Kyaut Kyi) Township have also resulted in serious violations against civilians, with around 20 reported cases of abuse. This situation has caused an estimated 3,000 additional IDPs in the district.

The most significant incrase occurred in Hpa-an district where displacement rose by approximately 12,000 people due to intensified armed clashes between SAC forces and enthnic armed groups as SAC attempts to gain full control over mixed-control areas.

Currently, many IDPs are living under insecure and unstable conditions, with ongoing threats from airstrikes, artillery attacks, and military operations. there are also gowing concens that futher violence and human rights violations may continue if the conflict escalates.
